Dear [Redacted]

STAT

I wish to extend my appreciation and that of the USSR Division front office and the Coordination and Review Staff for your valuable contribution during your summer assignment with FBIS. Your flexibility in performing a wide variety of duties for the offices noted above, as well as other components, was very important to each office. In addition, your willingness to seek out additional work was noted and appreciated by your supervisor.

Your colleagues enjoyed having you work with them and join me in wishing you all the best for your sophomore year at James Madison University.

Sincerely,

[Redacted Signature]
